

EcoSanitation Course

The Australian Toilet Organisation aims to improve access to and quality of toilets and sanitation, domestically and internationally.

When: Saturday 3 July 2010

Time: 09:00 - 17:00

Where: University of Queensland - Brisbane
room 414 in the Chamberlain building

This course will be followed up with an opportunity to construct an ecosan toilet.....on another occasion.

EcoSanitation Course

A one day course on ecological sanitation (also known as urine diversion, dry composting toilets). The course aims to develop and promote sustainable sanitation in the developing world (& in Australia) through capacity development and knowledge as a contribution to equity, health, poverty alleviation and improved environmental quality. The course draws on the Sustainable Sanitation Alliance (SuSanA) and local experts.

Charge: \$60 working people, \$40 students & EWB members
