iEMSS²⁰¹²

6th International Congress
on Environmental Modelling
and Software

1–5 July 2012 | Leipzig | Germany

MANAGING RESOURCES OF A LIMITED PLANET: PATHWAYS AND VISIONS UNDER UNCERTAINTY

Experience and discuss recent developments of modeling and simulation in environmental research

Present your results in various sessions & workshops, and collaborate in writing Position Papers

Meet and interact with key-scientists in the field

Join an interdisciplinary and vibrant meeting

Thematic Streams

- A** Environmental Information, Decision Support, and Software Systems
- B** Human Health and Environmental Risks
- C** Mitigation of and Adaption to Climate Change
- D** Model Development, Analysis and Application: Methodological Aspects
- E** Participatory Modelling and Stakeholder Involvement
- F** Resource Management and Sustainability
- G** Knowledge, Data and Semantic Processing for Environmental Research
- H** Socio-Environmental Systems
- I** Issues in Water Resources Management

Keynotes

Lars Bernard
Technical University Dresden | Germany

Bruce Edmonds
Manchester Metropolitan University Business School | UK

Robert M. Hirsch
U.S. Geological Survey, Reston | USA

Steven W. Hostetler
U.S. Geological Survey, Corvallis | USA

Marco A. Janssen
Arizona State University
School of Human Evolution and Social Change, Tempe | USA

David Miller
M L U R I – The James Hutton Institute,
Aberdeen | UK

Call for Abstracts

Deadline for Abstract Submissions:
1st November 2011

Please submit your abstract
(oral contributions only) at
<http://www.iemss.org/iemss2012>
